Who Are We?

In June 2009 the idea of a gourmet pizza restaurant located in the heart of Downtown Clarksdale was born. The owners, Buddy Bass and Joe Weiss, cousins, are 4th generation Clarksdaleians who are proud of the history of Clarksdale and the new possibilities that await. With teenage, twenty and thirty year old children of their own, their ideas was to create a place where kids and families would feel comfortable dining and relaxing. Second, they wanted to create a location that visitors to Clarksdale would enjoy and experience our local ambiance and fare. One should expect the same sincere feel you would get at a friend's home. Please, make yourself at home and ask plenty of questions.

Our Name

Why the name Stone Pony? Buddy's grandfather and Joe's great uncle, B Bass Jr., who grew up in Lula, MS and later moved to Clarksdale was a very outspoken gentleman with many favorite sayings. When B was describing a most perfect item or situation, whether it was a beautiful car or a perfect golf shot, he would use his favorite line and in a most convincing key loud voice say, "well that's a 'STONE PONY!!'". After much research we found B was referring to possibly two things. Collectable figurines made in the early 1900's that had many different items inside the glass with the most prized collectable literally having a pony made of stone on the inside. Many people referred to this treasure as their 'Stone Pony'. We also found a reference to a blues tune by famous blues artist and Lula, MS resident Charley Patton. He performed his song, "Stone Pony Blues" as a solo artist and with blues greats Bertha Lee Pate and Son House while touring across the United States and abroad. In his song he is describing a beautiful lady friend of his as a 'Stone Pony'.

Our Building

In 1912 this building was completed, at that time it was the end building on the block. The windows on the north wall were simply bricked over when the next building was started. This historic building started out as Armstrong Drug Company. In 1952 Vernon and Jesse Hughes took over ownership to house their business, Martin Drug Store. In 1974 Bob Farris acquired the building to house his insurance company, Bob Farris Insurance Company. In 1997 John Mohead bought the building as a renovation investment. In 2005 Susan Flowers acquired the space to house an art gallery. Finally in 2009 the building was purchased by Stone Pony Pizza.

We strive to make sure your experience at our restaurant will make you want to say, "now that is a 'Stone Pony'!"
