#### **OUR STORY**

In June 2009 the idea of a gourmet pizza restaurant located in the heart of Downtown Clarksdale was born. The owners, Buddy Bass and Joe Weiss, cousins, are 4th generation Clarksdaleians who are proud of the history of Clarksdale and the new possibilities that await. With teenage, twenty and thirty year old children of their own, their idea was to create a place where kids and families would feel comfortable dining and relaxing. Second, they wanted to create a location that visitors to Clarksdale would enjoy and experience our local ambiance and fare. One should expect the same sincere feel you would get at a friend's home. Please, make yourself at home and ask plenty of questions!

#### **WHY THE NAME STONE PONY?**

Buddy's grandfather and Joe's great uncle, B. Bass Jr., who grew up in Lula, MS and later moved to Clarksdale, was a very outspoken gentleman with many favorite sayings. When B was describing a most perfect item or situation, whether it was a beautiful car or a perfect golf shot, he would use his favorite line and in a most convincing key loud voice say, "Well that's a 'STONE PONY!!'". After much research we found B was possibly referring to two things. Collectible figurines made in the early 1900's that had many different items inside the glass with the most prized collectible literally having a pony made of stone on the inside. Many people referred to this treasure as their 'Stone Pony'. We also found a reference to a blues tune by famous blues artist and Lula, MS resident Charley Patton. He performed his song, "Stone Pony Blues" as a solo artist and with blues greats Bertha Lee Pate and Son House while touring across the United States and abroad. In his song he is describing a beautiful lady friend of his as a 'Stone Pony'.

#### **OUR BUILDING**

In 1912, this building was completed. At that time it was the end building on the block. The windows on the north wall were simply bricked over when the next building was started. This historic building started out as Armstrong Drug Company. In 1952, Vernon and Jesse Hughes took over ownership to house their business, Martin Drug Store. In 1974, Bob Farris acquired the building to house his insurance company, Bob Farris Insurance Company. In 1997, John Mohead bought the building as a renovation investment. In 2005, Susan Flowers acquired the space to house an art gallery. Finally, in 2009, the building was purchased by Stone Pony Pizza. We strive to make sure your experience at our restaurant will make you want to say, "Now that is a 'Stone Pony!'"

#### **THE TACK ROOM**

Host your next event in The Stone Pony Tack Room!  
Seats up to 100 guests. Rental and Catering  
information available upon request.

# STARTERS

---
